

Program Outline for SABA 9, June 3-7, 2010

Quebec City, Canada

Thursday June 3: PRE-CONFERENCE

Introductory overview of QEEG and Neurofeedback: principles, methods, and issues. *M.B. Serman, Ph.D., D.A. Kaiser, Ph.D. & M. MacDonald, M.D.*

Friday June 4: Main Conference Program

8:30-9:00 am. Welcome to SABA 9, *Johanne Levesque, Ph.D.*

9:00- 10:00 am Revisiting treatment strategies and outcome measures: “What are we trying to do?” *M.B. Serman, Ph.D., UCLA*

10:00 – 10:15. Break

10:15-11:30 am Neuroplasticity in learning and circuit repair. *Franco Lepore PhD, U Montreal*

11:30 – 12:00 noon. Discussion

12:00-3:00 pm. Lunch and leisure time

3:00-4:00 pm. Effect of psycho-neurotherapy on neuromagnetic tomography and functional connectivity in adults with major depressive disorder. *Vincent Paquette, PhD U Montreal.*

4:00-4:15. Break

4:15- 5:45. Member Updates, Part 1:

Denise Malkowicz, M.D., Drexel Univ., Neurointegration: Enhancing brain function through neurotherapy in various neuropathologies.

Ricardo Weinstein, Ph.D., QEEG in death penalty cases: the search for markers.

6:30 Welcome cocktails party

Saturday, June 5

9:00 am- 10:15 The Psychobiology of PTSD, *Bessel van der Kolk, M.D., Boston Univ.*

10:15-10:30 Break

10:30-11:45 am Applying normative EEG to the Brodmann area database. *D.A.Kaiser, Ph.D., SKIL, Inc.*

11:45-12:00 Noon. Questions & Discussion

Lunch and leisure break (12:30-3:00 pm)

3:00-5:00 pm Debates concerning Issues in Neurofeedback Practice:

“To Z or not to Z”, *R. Stark, M.D. vs M.B. Sterman*

“A Rose is not a Rose”: Defining the practices of neurofeedback, neurotherapy and neuro-entrainment”; a review of the evidence behind the various methods that call themselves by the same name *M. MacDonald, M.D. vs selected survey respondents*

5:30-10:00 pm. Bus to the river, and banquet Quebec River cruise (optional)

Sunday, June 6

9:00- 10:00 am The Psychophysiology of Memory and Attention ***Pierre Jolicoeur, Ph.D., Univ. of Montreal***

10:15-10:30 Break

10:30-11:30 “Reference EEG Analysis in Treatment Resistant Depression” - Evaluating medication choices with QEEG. ***K. Graap, MEd., CNS Response, Inc.***

11:30-12:00. Questions and Discussion

12:00-3:00 pm. Lunch and leisure break

3:00-4:15 pm Member Presentations: Part 2 ***G. Durgen, E. Hamlin, J. Ross/J. Caunt***

4:15-4:30 pm. Break

4:30 – 6:00 pm. Practicum, Part 1 QEEG analysis with SKIL - showcasing neurological and psychological cases. ***M.B. Serman & D.A. Kaiser.***

POST-CONFERENCE

Monday, June 7

9:00-10:45 am. The new SKIL Brain-Computer Interface : ***D.A. Kaiser, Ph.D.***

10:45 – 11:00 am. Break

11:00 – 12:30 pm. Neurofeedback protocol development, showcasing neurological and psychological cases. ***M.B. Serman, D.A. Kaiser, and Members.***

12:30 -2 PM Lunch

2-4 PM: **SABA Credential Exam** (optional).

Tom Collura of BrainMaster Technologies, Inc. will be attending the meeting to discuss the new SKIL software interface with BrainMaster products. Opportunities for informal enrichment activities will be available during the afternoon breaks.
